

The background of the entire cover is a photograph of the Statue of Liberty. The statue is positioned in the center, holding its torch aloft. The sky behind it is a mix of deep blue and vibrant orange-red, suggesting a sunset or sunrise. Several white, five-pointed stars are scattered across the upper portion of the sky, reminiscent of the American flag. The overall mood is patriotic and celebratory.

Scott S. Powell

Rediscovering
AMERICA

*How the national holidays tell
an amazing story about who we are*

Introduction by

David Horowitz

“Scott Powell has made a major contribution in the research and writing of *Rediscovering America*, providing substantive reason for hope and confidence in the midst of troubled times. It may be the first book written in the history genre that lays out the progressive and redemptive course that is America’s greatest legacy. Indeed you will find much to celebrate in the stories behind the American holidays.”

David Horowitz
from the Introduction

“Scott Powell reminds us in the current age of uncertainty that without national commemorative holidays, shared reverence for our founding customs and traditions, and some sense of collective gratitude to past generations, a huge, increasingly divided, diverse, and often volatile American democracy simply cannot endure.”

Victor Davis Hanson
The Hoover Institution, author of *The Dying Citizen*

“If you understand that human beings are flawed (the Founders did), then you understand (and marvel) at what a moral achievement America is. The Left wants to denigrate that achievement. Scott Powell won’t let them get away with it. Read his powerful, inspiring and concise new book, *Rediscovering America*, and reaffirm what you always knew — America is an exceptional nation.”

Dennis Prager
Founder of *PragerU*, syndicated radio talk show host,
and bestselling author of *The Rational Bible*

“*Rediscovering America* is not only genuinely entertaining to read. It is also deeply important! I learned many things from reading it and am already excited to share them with anyone I meet. Scott Powell has provided a fresh overview of America, revealing many things we all must know if we are to keep this republic! Please read this book!”

Eric Metaxas
#1 New York Times bestselling author of
Bonhoeffer, If You Can Keep It, and *Is Atheism Dead?*
